- Listening to music, live music and festivals.

CLINICAL NURSE

BO JUPP

Helping people stay safe, supported, and independent at home.

ABOUT ME

I'm a bubbly, outgoing Registered Nurse based on the Gold Coast, with 12 years' experience supporting children, adults, and older people living with critical, acute, and chronic illness. I've worked across a wide range of disabilities and love bringing fun, laughter, and genuine connection into every interaction.

I thrive in high-pressure environments, communicate clearly and compassionately, and enjoy providing high-intensity supports. I'm patient, empathetic, and deeply committed to inclusivity and person-centred care.

When I'm not nursing, you'll find me chatting over coffee, exploring the outdoors, or adopting animals! I'd love to get to know you and see how we can work together to kick some goals.

EXPERIENCE

- Excellence in time critical decision making and time management
- Excellence in multi-tasking composure and flexibility
- Strong interpersonal and communication skills, working both autonomously and within a multi-disciplinary team
- Willingness and ability to learn new skills quickly and effectively

QUALIFICATIONS

- Registered Nurse - AHPRA
- Bachelor of Nursing
- First Aid & CPR
- NDIS Workers Screening
- Working with Children Check / Police Check
- NDIS Registration

Helping people feel safe, supported and empowered every day.
